INVESTMENTS THAT MATTER™

AN EDUCATION FUND FOR TECH-DRIVEN
COMPANIES WITH TRANSFORMATIONAL
IMPACT ON UNDERSERVED MARKETS

SEARCH FOR CO-FOUNDER

We are a next-generation social impact fund whose investments are centered around the field of education. Founded by alumni of top b-schools, our fund will seize this once-in-a-generation opportunity to make education accessible to the base of the pyramid, while giving proper financial returns to our investors.

We will have a presence in the US, Europe and Asia and we are looking for a US-based co-founder with previous experience in finance, fundraising or equivalent, who would join us on a full-time basis.

We offer flexible hours, profit participation and global exposure, in addition to a dynamic work environment which will encourage the fostering of unexplored paths.

This high-profile position requires strong academic background, analytical expertise, and excellent communication skills.
